Sustainability of NGI Operations

Thursday, 20 September 2012 11:00 (20 minutes)

Printable Summary

We will present the output of the OMB survey that was launched in July 2012, whose purpose is to collect information about the readiness of NGIs towards self-sustaining operational services, and we will discuss the future steps to ensure continuity to operations across EGI.

Presenter: Dr FERRARI, Tiziana (EGI.EU)

Session Classification: Sustainability of National Infrastructures
