

Integrating OSG Operational Services

Thursday, 20 September 2012 16:40 (20 minutes)

Printable Summary

This contribution will address experiences with the CA switch and integrating it with OSG existing Operational Services (Topology DB, Monitoring Services, Wiki's, Ticketing, etc.), and will provide information about the OSG plan towards the adoption of SHA-2 in its PKI.

Presenter: QUICK, Rob (Open Science Grid)

Session Classification: Operations
