- **TUBITAK** -The Scientific and Technological Research Council of Turkey- is the leading agency for management, funding and conduct of research in Turkey.

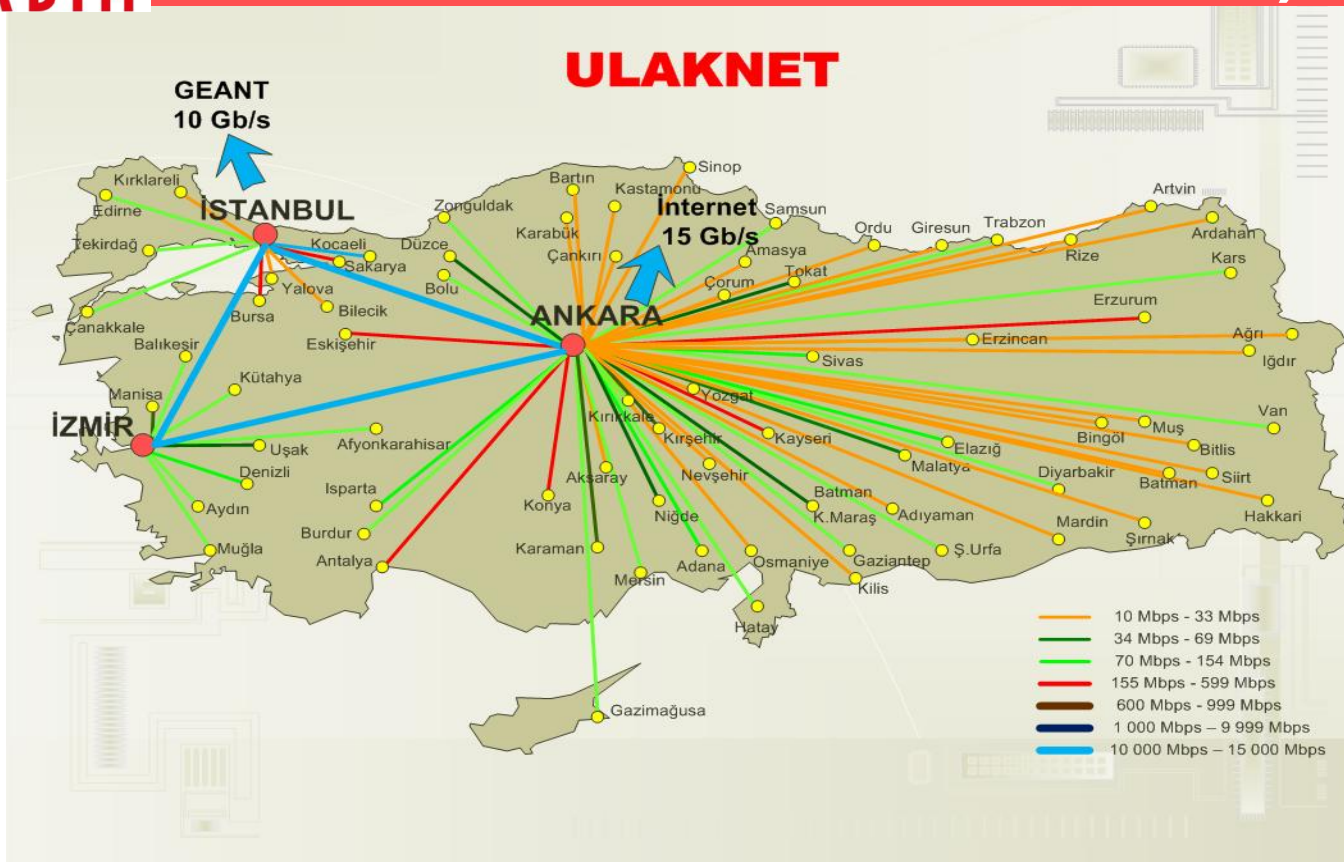

The screenshot shows the TUBITAK ULAKBİM website interface. At the top, there is a navigation bar with links for 'İletişim / Bilgi Edinme', 'Site Haritası', and 'English'. The main header features the TUBITAK ULAKBİM logo and the text 'Ulusal Akademik Ağ ve Bilgi Merkezi'. Below this, there is a large image of a hand holding a puzzle piece with a glowing network diagram. The left sidebar contains a menu with items like 'ULAKBİM Ana Sayfa', 'Ulusal Akademik Ağ', 'Cahit Arf Bilgi Merkezi', 'ULAKBİM Hakkında', 'Sıkça Sorulan Sorular', 'İş/Staj Olanakları', 'İletişim', 'Site Haritası', 'Arama', and 'Hızlı Erişim'. The main content area is divided into sections: 'Haberler' with a list of news items, 'Eski Duyurular', 'Ulusal Akademik Ağ (ULAKNET)', and 'Cahit Arf Bilgi Merkezi (CABİM)'. The right sidebar features a search bar, 'TO-KAT Ulusal Toplu Katalog', 'UlusVekil Uzaktan Erişim Hizmeti', 'Sürelî Yayınlar Kataloğu', 'Ulusal Veri Tabanları', and 'EKUAL'. The bottom of the page has a 'TUBESS' logo.

- **ULAKBİM** (Turkish Academic Network and Information Center) was founded as a non-profit public institution by **TUBITAK** in June 1996.

- Operates Turkish Academic Network (ULAKNET)
- Coordinates IPv6 protocol transition
- Provides nationwide information and document services
- Coordinates Grid and HPC activities (NGI)
- Operates TRUBA (Turkish e-Infrastructure) and manages TRUBA Advisory Board

ULAKBİM (Turkish Academic Network and Information Center)

- Directly connected 170 Universities & Research Institutions (10% Dark-Fiber)
- ~ 1000 Connections ~ 160.000 Researchers ~ 2.700.000 Students
- Including Thematic Research Centers and Central Research Laboratories (60)

ULAKBİM

2003

- Linux cluster (128 PC)

2004

- SEE-GRID Project, Grid test bed

2005

- NGI:TR-Grid (NREN+ 4 universities) , 5 grid nodes in 4 different cities

2006

- +1024 cores, +48 TB storage, TUGA National Grid Infra. project , SEE-Grid2, EUMedGrid and EGEE-II

2007

- +240 cores, Lustre storage

2008

- +128 cores, + 560 TB storage, Tier2 (CMS &ATLAS), EGEE-III, SEE-GRID-SCI, NGI update (NREN+ 7 univ. + 1 Public. Inst.)

Next Steps through ELIXIR

- We need to:
 - Increase the ELIXIR awareness through the potential community
 - Expand the local interest
 - Understand the community's expectations and ELIXIR requirements for the best collaboration

- We have to provide communication between local community and ELIXIR:
 - ✓ Ewan Birney (Associate Director of EMBL-EBI) has been invited for the participation to the event that will be organized by Bilkent University (28 February 2013)
 - ✓ This event could be a meeting point for our local community, TRUBA as infrastructure provider and ELIXIR & EMBL-EBI
