

Accounting Training: APEL Client, Regional APEL Server and Regional Accounting Portal

Wednesday, 18 September 2013 11:00 (1h 30m)

Description of Work

The presenters will provide an overview of the features of the software and guide attendees through the steps to installing and configuring the packages.

The sessions will provide an opportunity for sites to ask questions about how they should plan and execute the upgrade to the new APEL Client. In addition it will provide a forum to explore whether deploying a Regional APEL Server and Accounting Portal is appropriate for their region.

Wider Impact of this Work

Regional Accounting.

Session, double-session

session

Printable Summary

This session is aimed at sites installing new versions of the Accounting software; the new APEL Client (released as part of EMI 3), the Regional APEL Server and the Regional Accounting Portal.

There will be three 20 minute slots.

The first will cover the installation of the latest version of the APEL Client and will include possible upgrade scenarios for sites running previous versions.

The second will describe how to set up a Regional APEL Server. As the Regional APEL Server is available only for sites running the EMI 3 APEL Client, it is important to attend the first part of this session as well.

The third slot will introduce the new Regional Accounting Portal and describe how this can be set up with a Regional APEL Server.
