Going beyond grid to enable life science data analysis - Room 6 (11:00 - 12:30)

-Conveners: Fotis Psomopoulos; Afonso Duarte

time	[id] title	presenter
11:00	[152] Welcome	
11:01	[155] Federation services, federated services by EGI for life sciences	Dr SIPOS, Gergely
11:15	[61] Three years of WeNMR: successes and challenges	BONVIN, Alexandre
11:30	[154] EGI and LifeWatch first steps together	MARCO DE LUCAS, Jesus
11:55	[153] Life science requirements from e-infrastructure: initial results from a joint BioMedBridges workshop	Dr JIMENEZ, Rafael
12:20	[209] Experience in Porting BLAST to Open Science Grid using a Galaxy interface	QUICK, Rob

Going beyond grid to enable life science data analysis - Room 6 (14:00 - 15:30)

-Conveners: Fotis Psomopoulos; Afonso Duarte

time	[id] title	presenter
14:00	[183] Technical activities in ELIXIR Europe	Dr JIMENEZ, Rafael
14:15	[210] The ELIXIR cloud task force	Mr RUDA, Miroslav
14:30	[211] Bringing the tools to data - Provide scientists with personalized and on-demand bioinformatics services on the cloud	BLANCHET, Christophe
14:50	[156] Delivering ICT infrastructure for biomedical research - supporting human genomics data analysis at the ELIXIR Finland node hosted at CSC – IT Center for Science	Dr NYRÖNEN, Tommi
15:10	[212] Cloud infrastructure for training purposes in Life sciences	Dr CORPAS, Manuel

Going beyond grid to enable life science data analysis - Room 6 (16:00 - 17:30)

-Conveners: Fotis Psomopoulos; Afonso Duarte

time	[id] title	presenter
16:00	[213] SLING and ELIXIR Slovenia node	Dr LESKOSEK, Brane Dr JAVORŠEK, Jan Jona
16:20	[157] EGI resources management and community support in the Life Science Grid Community	Mr MONTAGNAT, Johan
16:35	[51] Calibrating models of human physiology using scientific cloud	KULHANEK, Tomas
16:50	[158] Biodiversity and HPC: a necessary mutual interest	FRANC, Alain
17:05	[159] Roundtable discussion and wrap-up	Dr DUARTE, Afonso Dr PSOMOPOULOS, Fotis
