“Scientific information:  
access, processing and safeguarding”

## Project application

---

This document is to be used to submit a project application for the funding program specified above.  
Please consult the project application guidelines.

**Suggest to have UBE as leading institution and all institutions with sites in GOCDDB as partner institutions.**

**Fund only central costs and travelling. Partner institution efforts (being part of EGI) are matching. Fund flow only to leading institution. Travel reimbursement via leading institution.**
