

UNICORE for the end users

**Presenters:
Krzysztof Benedyczak,
Marcelina Borcz**

University of Warsaw

UNICORE

UNiform Interface to COmputing Resources

Some projects related to Unicore:

- UNICORE
- UNICORE Plus
- EUROGRID
- UniGrids
- DEISA
- Chemomentum
-  EUROPEAN MIDDLEWARE INITIATIVE

<http://www.unicore.eu/>

GridBeans

Gridbeans - plug-ins enabling to run an application on the grid.

Some gridbeans are available in UNICORE Life project:

<http://sourceforge.net/projects/unicore-life>

UNICORE Clients

- UNICORE Rich Client (URC)
- UNICORE Commandline Client (UCC)
- High-Level API (HiLA)

UNICORE Rich Client

UNICORE 6 provides a graphical client which allows to load gridbeans and submit jobs on target systems.

URC can be downloaded from:

<http://www.unicore.eu/download/unicore6/>

(Clients → Rich Client → Downloads → 6.4.0)

UNICORE Rich Client

- Prerequisites
 - Sun Java 5 or 6 JRE or SDK
 - <http://java.sun.com>
