

EGI Community Forum 2014: Call for Lightning talks

Monday, 19 May 2014 - Monday, 19 May 2014

University of Helsinki, EGI Community Forum 2014

Selection criteria

Up to four winners will be selected by the Selection Committee.

The Selection Committee is composed of EGI.eu staff members, and relevant professionals and researchers.

The Selection Committee will use these four criteria:

Clarity: is the Entry well explained? Was the Entrant successful in explaining the research they conduct?

Showcase of EGI: Is the Entry a good showcase of EGI's added values?

Impact: Including how does this research relate to the three pillars of Horizon 2020.

Excellence of science: How relevant is the research in its field? What is its scientific impact?

The Organisers will announce up to four winners on 14 April 2014.

The Selection Committee's decision is final and no correspondence will be entered into in relation to that decision.

The Organisers reserve the right not to select winners.
