

JRA2 Report for Accounting Portal

Iván Díaz

- #980: extensions for decommissioned ROCs/NGIs: Needs external support.
- #3304: Retrieve NGI accounting data - There are critical privacy concerns with VO Managers that affect this requirement, please see ticket. A new role for NGI managers should be created.
- #3497: Summary view in accounting portal home page - on progress.
- Storage: Support to Storage jobs data - Implemented
- Application: Support to Application jobs data - No data yet.

- #6092: Generating report with cost values - Implemented InterNGI and regular view support for estimations based on average PoC values.
- #6550: Robot certificates - Awaiting tests to gauge impact.

- Security work.
- Continuing refactor of the code.
- Work to integrate cloud view with VO and other features of regular accounting.
- Work for country and NGI selection on cloud view.
- Study for portal rewrite
- Technology research for portal rewrite
- Technology tests for portal rewrite
- Solved some display bugs.
- Updated RT tickets on dashboard.
