

Operations Portal Status update and requirements analysis

Cyril L'Orphelin

A major upgrade has been done , version 3.1

- php 5.5
- Bootstrap 3.3
- Complementary with bootstrap3 some look and feel changes
- symfony 1.5
- exchange with GGUS without sslv3

`http://operations-portal.egi.eu/home/tasksList`

- Requirements discussed with EGI
- Developments on-going
- Release foreseen before the end of the year
