

Open Data: the perspective from INDIGO DataCloud based on application requirements

Thursday, 21 May 2015 11:55 (20 minutes)

Supporting the complete life cycle for open data requires the integration of new tools.
The global approach being explored within the INDIGO-DataCloud project will be presented.

Presenter: MARCO DE LUCAS, Jesus (CSIC)

Session Classification: Towards an Open Data Cloud (<http://go.egi.eu/data>)
