

Ubercloud Deep Dive

Wednesday, 20 May 2015 16:40 (20 minutes)

The UberCloud online marketplace for engineers and scientists to discover, try, and buy compute power on demand, in the cloud. Starting with free experiments in the cloud, including application software, cloud hardware, and expertise. Learning by doing how to use your application in the cloud.

Presenter: Dr GENTZSCH, Wolfgang (TheUberCloud)

Session Classification: EGI Marketplace
