

FROM CONSTRUCTION TO DEPLOYMENT OF LIFEWATCHGREECE: THE POTENTIAL ROLE OF EGI-LW COMPETENCE CENTRE

Thursday, 21 May 2015 17:00 (20 minutes)

LifeWatchGreece Research Infrastructure (LWG RI), provides electronic services (e-Services) and virtual labs (vLabs) to facilitate both the data contributors and the users. Services like the R-vLab, micro-CT vLab and Genetics are heavily computer demanding and EGI-LW Competence Centre may both offer unlimited computational capacity and storage space.

Presenter: PANTERI, Emmanouela (HCMR)

Session Classification: LifeWatch Competence Centre - open meeting
