UMD releases status

- Joao – details in agenda:
 - https://wiki.egi.eu/wiki/URT:Agenda-02-03-2015#UMD_releases_status
 - UMD 3 Update 11 released on 16.02 – containing lot of products updates and new products (FTS3 & Frontier Squid); many issues encountered due to missing EPEL 5 dependencies – to solve them some new packages were added to UMD repos
 - Working to release an emergency update for CAs 1.62 & latest version of VOMS-Admin, 3.3.3
 - Cristina – the products mentioned in the agenda page as released will enter the UMD software provisioning queue for the next update

Discussion:

- MischaS – mentioned the release of **lcmaps-plugins-c-pep-1.3.0-1** and **mkgltempdir-0.0.5-1**, back on Dec. 2014 – there was no news about them been released in EMI or UMD repositories
 - Both Cristina & Joao excuse themselves and mention that the updates will be made available in the next EMI Update (this week) and the next UMD update.

Next UMD-3 releases

Next updates

- End of May 2015
