

Advances in EGI LifeWatch Competence Center

Wednesday, 11 November 2015 09:00 (1h 30m)

A Session (1h30-2h) is requested to present and discuss the advance in LifeWatch Competence Center:

- Support for LifeWatch in EGI FedCloud
- Implementation of Data Flow
- R as a service
- Support to Workflows (Galaxy and TRUFA)
- Assisted Pattern Recognition for Citizen Science in Biodiversity
- Implementation of the Network of Life

Presentations from VLIZ, CIBIO, INRA, CSIC, BIFI and other partners are expected.

Links, references, publications, etc.
