EGI DARIAH CC

Web-meeting 3
Minutes

Davor Davidović
Eva Cetinić
Ruđer Bošković Institute,
Croatia

- Gergely Sipos

- Maarten Hoogerwerf

- Giuseppe La Rocca

- Philipp Wieder

- Nephelie Chatzidiakou

- Davor Davidović

Questionnaire

- Survey (final version):

  http://surveys.dcu.gr/index.php/survey/index/sid/922586/newtest/Y/lang/en

- Improve the welcome (introductory) text (Maarten, Gergely and Davor)

- Dissemination strategy:

  – Create a list of possible stakeholder (persons) and relevant research groups that will be directly sent the survey (Tibor, Eveline, all) → by August 1st

    • Create a list template on google docs (Davor)

  – Send questionnaire to the dariah-all mailing list (Karolj/Tibor – a person well known by DARIAH)

  – Create a list of potential existing DARIAH Working Groups and interview them/describe survey (Davor and Eva)

  – Contact DARIAH VCCs and Management Board and announce the survey (Tibor)

- Start disseminating the survey by the end of July – initial circulation among DARIAH

- Send remainder at September 1st

- Deadline for survey inputs September 30th

DARIAH Working Group

- Working Group proposal text available on google docs (here)

- Final version to be done by the end of July

- Submit to the DARIAH (start of August)

- Maarten, Tibor, Eveline, Gergely and Davor are expected to contribute to the proposal

EGI VO

- Create VO for DARIAH community (but not limited to)
- Zoltan will lead the creation of the VO
    - Will send an email will further information and requirements
    - To be decided on the VO name and scope
- VOMS server – at INFN
- CC partners will provide initial resources (HU, HR, IT, DE, NL)
    - Each partner has to check which resources can be dedicated to the VO
- VO should be operational by the time of EGI Forum in Bari (mid November)
    - Including dedicated resources and applications/services (Sztaki gateway and gLibrary repository)
- In the mean time the fedcloud.egi.eu VO will be used

Activity report

- SZTAKI (generic Gateway)

  – Waiting for the first feedback from the survey

- INFN (gLibrary)

  – Dataset from AAS is imported into gLibrary framework

  – Initial adjustment of the framework are done regarding the input dataset

- Dissemination activities

  – 2 abstracts are submitted to the EGI Community Forum 2015

  – EGI DARIAH CC f2f meeting is planed during the EGI Forum (Davor)

Other

- EGI-DARIAH CC wiki

  - Add mini-project descriptions (SZTAKI and GWDG)

  - Regularly send info on dissemination activities and links to CC outcomes (portlets, services, applications) (send to Davor and Eveline)

- Every two week send a short progress report to Gergely (Davor)

- 6-months progress reports on CC activities (Davor)

  - The forthcoming report is due to July 22nd

- Next web meeting – mid September

6-month workplan

Activity/event	Deadline
Survey release (start collecting inputs)	M05 (end of July 2015)
DARIAH Working group – final version	M05 (end of July 2015)
Survey remainder	M07 (1st September 2015)
Closing of the survey	M07 (30th September 2015)
Deliverable (int.) - "Initial technical concept and integration plan"	M08 (mid October 2015) (M06 -overdue)
Establish EGI VO for Dariah (A&H)	M09 (November 2015)
Beta-version of applications (SZTAKI, INFN, GWDG)	M09 (beginning of November 2015)
EGI Community forum presentation	M09 (10-13 November 2015)
User support and training plan (int. deliverable)	M09 (November 2015)
"Data repository for DARIAH" (ext. deliverable) – INFN	M11 (January 2015)
"Multi-source distributed real-time search and information..." (ext. deliverable) - GWDG	M12 (February 2015)
