EGI FedCloud F2F meeting

Monday, 9 November 2015 13:30 (2 hours)

The EGI Federated Cloud provides access to IaaS cloud resources on a flexible environment for computing and data access fully integrated with EGI core services. This F2F will be an opportunity to discuss:
- the status of the cloud infrastructure
- the integration of new communities and infrastructures into the federation (WP4.3)
- the status of the Engage developments (WP4.2)
and to coordinate new activities around the Federated Cloud.

Summary

EGI-Engage meeting, but open.
