

EGI EPOS COMPETENCE CENTER TELECONFERENCE

Monday, October 19, 2015 from 14:30 to 15:30 (Europe/Amsterdam)

For EGI COMMUNITY Forum

- Cyfronet can host the demonstrator before the Community forum
- We have to verify it with CYFRONET and VERCE

Plan for the demonstrator

- The user has already an affiliation (e.g. opeind connect)
- The two TCS example will be CYFRONET (EPOS-IS) and VERCE (COMPUTATIONAL SEISMOLOGY)

Decision & Actions

- It would maybe possible to have a demonstrator at the community forum
- DANIELE: domani contact mariusz
- DANIELE: domani contact Alessandro
