Apologies

Mischa Sallé

Minutes

- Andrea: will be only Ubuntu and not any Debian in UMD4?
  - Vincenzo: yes, as per survey on EGI sites, they prefer CentOS7+Ubuntu
- Vincenzo: about DPM bug, broadcast will be made, announcement at EGI Operation meeting, also release notes to be modified
- Bartek: under quality criteria verification with two packages in CentOS7 : qcg-computing and qcg-notification, then Staged-Rollout
- Mattias: xroot 4.3.0 to be pushed into UMD4
  - Vincenzo: we will test it together with the newly announced VOMS Server
- Alessandro: preview repository ready, to be release by the end of the week, everyone welcome to put packages; replaces EMI;
- Joao: voms admin verified partially; xrootd 4.3.0 and VOMS admin server 3.4.2 to be handled (tickets to be opened)
