Minutes

- Maiken joins URT (welcome!) working with Jon as release manager ARC
- Andrea: gfa2 2.12 and CGSI-gSOAP 1.3.10 in EPEL-testing -> please candidate for October release
- sites willing to test the UI/C7, available in Preview, testing to be done in UMD team (discuss internally)
- Maiken
 - openssl is being worked on, but not yet finalised, and will not be included in the next (minor) release scheduled for end of October
 - the work on the new openssl will go in a major release as it will result in some non backward compatibilities
- Vincenzo/Matthew will chat to agree which products from Indigo can be included in CMD-OS
- Preview advertised on EMI pages -> Vincenzo to contact Cristina and agree on a cross-reference between EMI3 and Preview
