EGI CSIRT Web Presence

Barbara Krasovec, Sophie Ferry, Ian Neilson

- *https://rt.egi.eu/rt/Ticket/Display.html?id=10884*
- Improve image of CSIRT to outsiders
    - https://www.egi.eu/about/policy/groups/EGI_Computer_Security_Incident_Response_Team_EGI_CSIRT.html
        - isn't very exciting
    - https://wiki.egi.eu/wiki/EGI_CSIRT:Main_Page
        - is … a wiki mess
        - all the information (and more) is there but v. hard to navigate
- Improve accessibility of information for insiders
    - Side effect to filter outdated wiki content

- Not much concrete discussion ☹

- Reviewed quite a few other CSIRT websites
  - us-cert.gov | cert.gov.uk | icic.gob.ar | csa.gov.sg | circl.lu | bsi.bund.de
  - jisc.ac.uk | surf.nl
  - *"These site look all the same to me ! But yes, better than the wiki." – S. Ferry*

- Talked briefly to Sara@EGI
  - but need to be further down the path to use her skills

- Got a bit bogged down in naming/branding
  - e-csirt, wise-csirt, ….
  - ?tbd

- However ☺
  - Barbara likes to webmaster the new site ☺ ☺
    - Got permission to host CSIRT pages at Arnes
    - "Provided we don't need special themes and plugins"
  - Checked themes and recommends -
  - http://barbara.splet.arnes.si/vzorcna-stran/

    resources, contacts)

    SLIDE 2 - 3 main descriptions/missions of CSIRT

  - Public and private: how to handle
    - Start with glossy public of course!
  - Content
