Software Vulnerability Group

Wednesday, 10 May 2017 16:50 (15 minutes)

The purpose of the EGI Software Vulnerability Group is "To minimize the risk to the EGI infrastructure arising from Software Vulnerabilities". The largest activity is the handling of vulnerabilities reported. This talk summarizes the procedure and how it is evolving in a changing infrastructure with changing technology.

Presenter: CORNWALL, Linda (STFC)

Session Classification: EGI Conference: The evolution of Security for distributed e-Infrastructures and Research Infrastructures
