Status

- We have a hosting provider (at Arnes) and a draft template in Wordpress DIVI theme
- We need a domain
- We need content

Suggested content

- BASIC:
 - What is EGI CSIRT?
 - What are EGI CSIRT activities?
- INCIDENT REPORTING:
 - What is an incident?
 - How to report?
 - Reporting Policy ([SEC01](#))
 - [Forensics HOWTO](#)
 - Contact

- What is CSIRT?

“EGI CSIRT is a Certified member of TF-CSIRT Trusted Introducer Service and maintains links to security teams in peer infrastructures, National Grid Infrastructures (NGIs) and National Research and Education Networks (NRENs). In addition to core activities of co-ordinating response to computer and network security incidents and mitigating threats to the infrastructure, the CSIRT team, in collaboration with NGI partners, provides services for security monitoring, security training and best practice dissemination. Find out more about EGI CSIRT’s activities [here](#) (link to page/section). Find out more about the EGI Infrastructure [here](#).”

(2.)

- CSIRT activities:
 - Incident response, forensics and containment support, reporting and information exchange.
 - Deploy tools for pro-active monitoring for vulnerabilities.
 - Establish and maintain operational policies and procedures including resource centre certification and decommissioning.
 - In conjunction with the EGI SVG provide advisories and alerts to a community network of resource centres and regional contacts globally.
 - Training activities

Incident reporting template?

- Contains the summary of the information we want from the site (as a form)

- example:
