e-Infrastructure Commons monthly meeting Report for Accounting Portal

Iván Díaz

Accounting Portal Updates

- Changed landing page according to new requirements.
- New WLCG sub-portal with dedicated navigation and menu bar
- Changed WLCG reports, integrated REBUS Tier1 report.
- Added Year, Half-year and Quarter Granularity.
- Modified CSV support back to the server so it can be linked.

Accounting Portal Updates (II)

- Added contextual help
- Added context-sensitive info on each page.
- Renamed Sites to Resource Centres, NGIs to Operations Centres.
- New EGI Resource Centre Report with per-country, top10 and top100 reports for both HTC and Cloud.
- Improved discipline view.
- Reorganization of the menus.

Accounting Portal Updates (III)

- Subdiscipline views switch to VO-based view when no subdisciplines are present.
- Changed EGI country view to only include EGI federation countries, re-implemented view with all countries for WLCG.
- Changed landing page graph to commas even on dot-based locales.
- Added extra padding on tables.
- Reimplemented VO metrics support.
- Added EGI branding on every page.

- Change accounting.egi.eu to point to accounting-next.egi.eu.
- No downtime needed.
- Later on, order new certificates.
- Rename accounting-next to accounting.
- Reverse DNS aliases.
