EMI 2.0 Requirements Review

All submitted requirements for EMI 2.0 are discussed and prioritized. Comments for each ticket have been recorded in the respective RT entry. Tickets that refer to features already foreseen in the EMI short/medium term plans were closed.

All tickets with the respective assigned priorities and comments are accessible on the SA1 Middleware Dashboard: <https://rt.egi.eu/rt/Dashboards/1749/SA1%20Middleware%20requirements>

All tickets (from users and operations, for middleware and tools) are accessible at:

https://wiki.egi.eu/wiki/Middleware#Existing_requirements

The operations tickets will be presented at the TCB meeting scheduled on 28 Feb 2011 (<https://www.egi.eu/indico/conferenceDisplay.py?confId=359>).

AOB

All NGIs need to provide a self-assessment of the own "NGI international tasks" as input to MS109 NGI International Task Review (PM 10), accessible from: https://wiki.egi.eu/wiki/SA1_Milestones.

Self-assessment information will be collected on wiki and mail will be circulated to the OMB mailing list.

The Self-assessment of the NGIs will be complemented by one table of metrics per NGI (gathered by EGI.eu) to quantitatively assess the performance and status of the NGI (see https://wiki.egi.eu/wiki/NGI_International_Task_Metrics_MS109).
