# JavaHydra

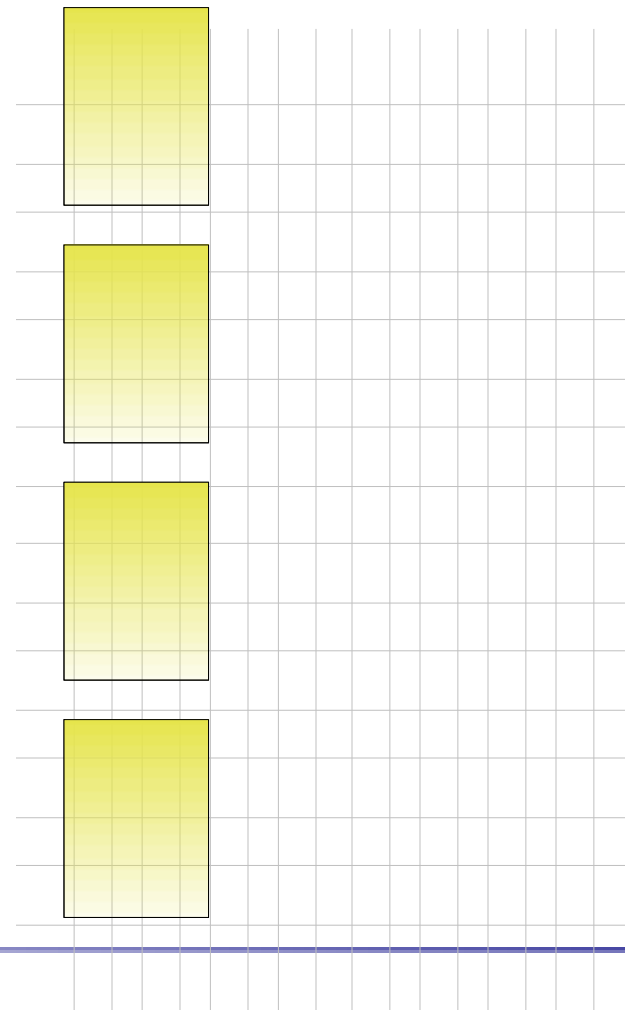

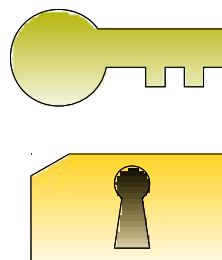

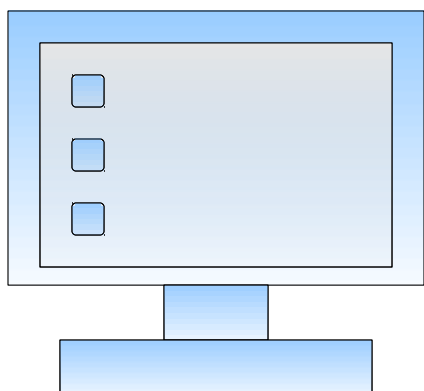

## A portable client for Hydra

Eetu Korhonen, 2011

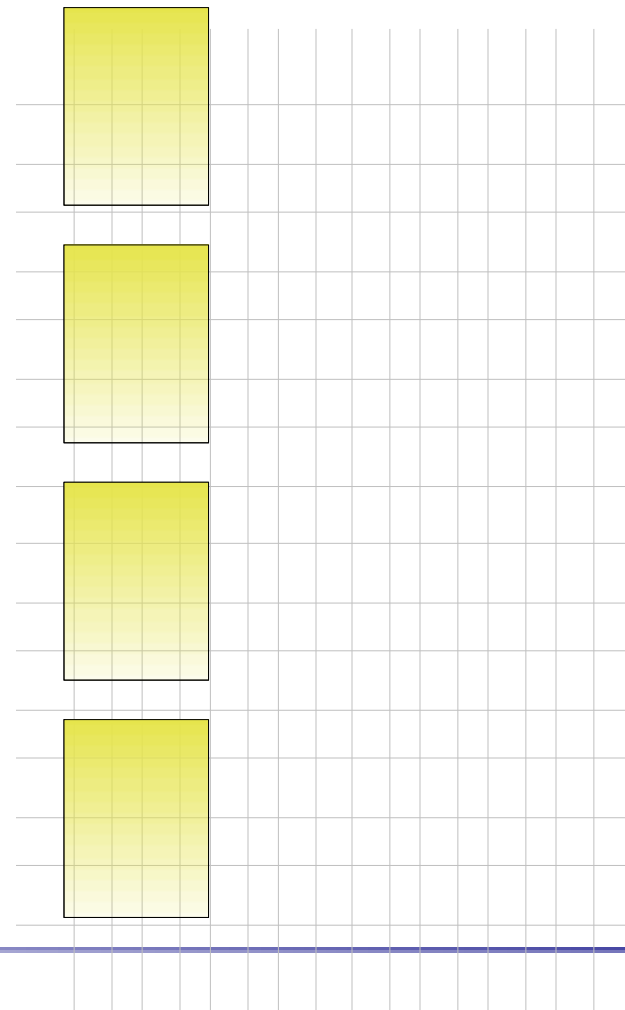

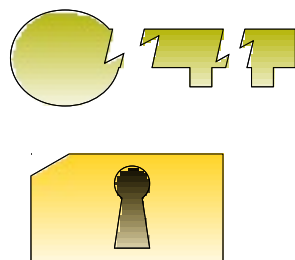

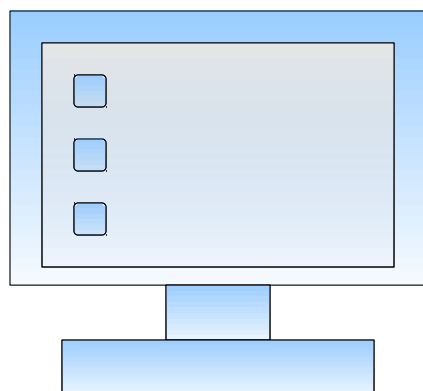

# The set-up

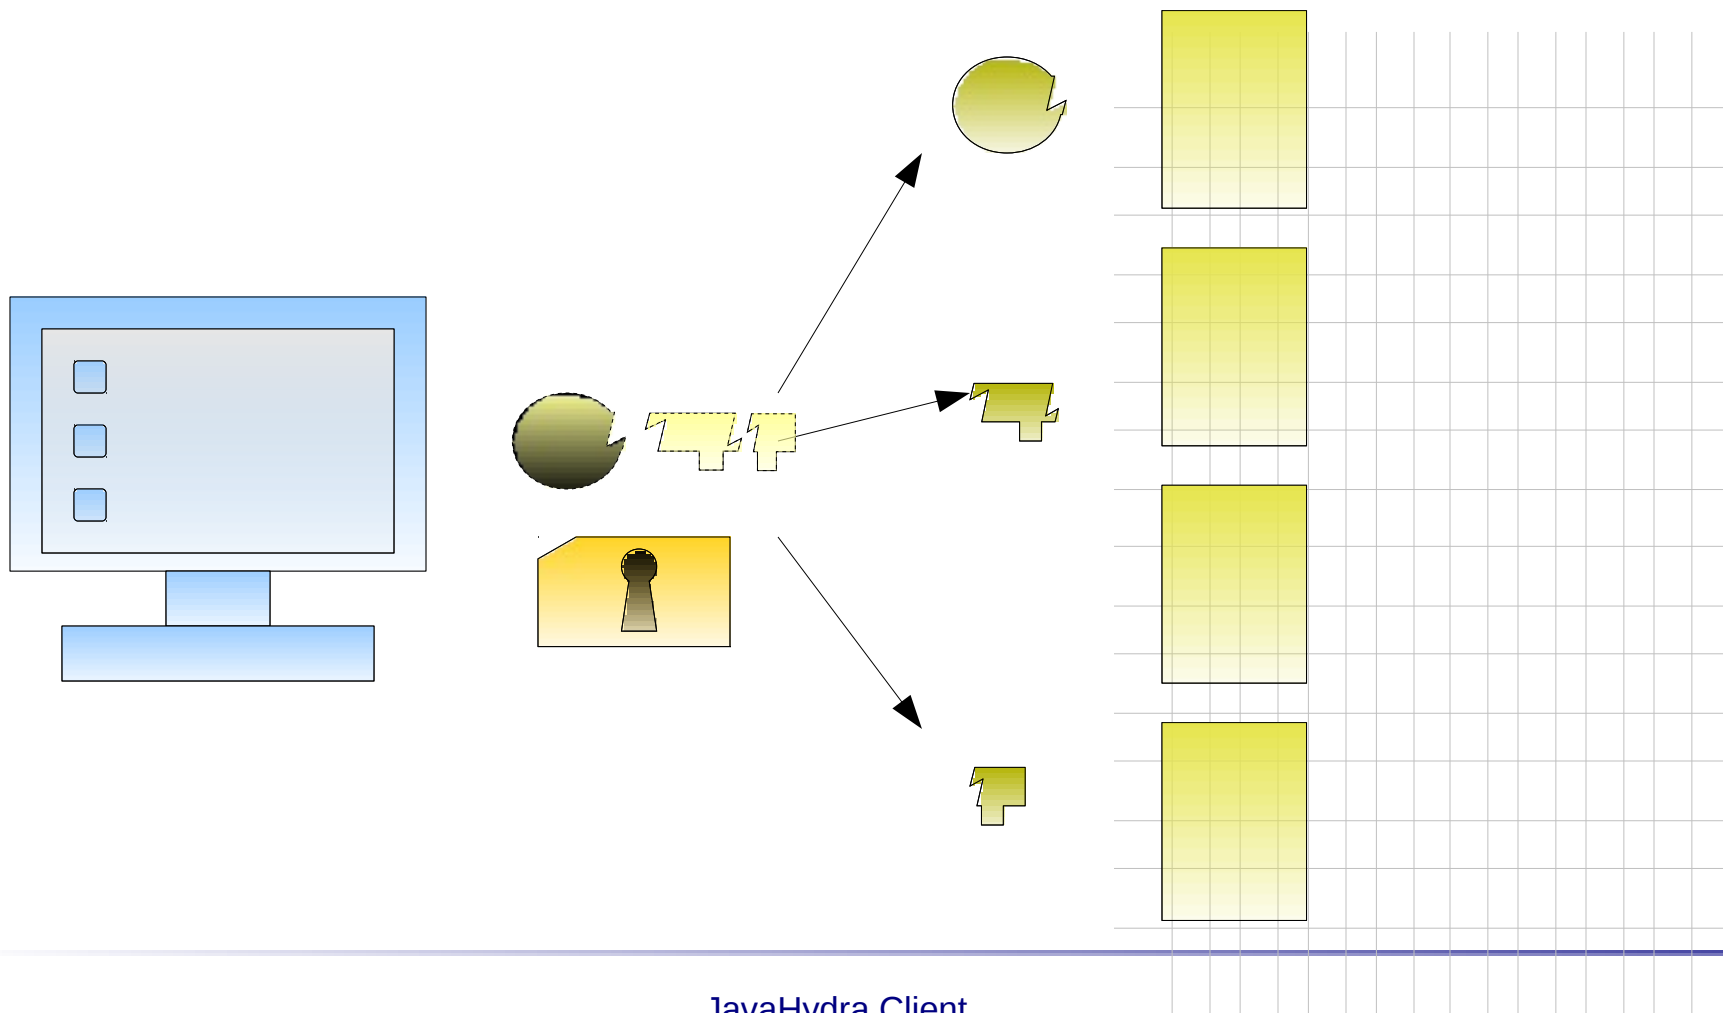

# The set-up

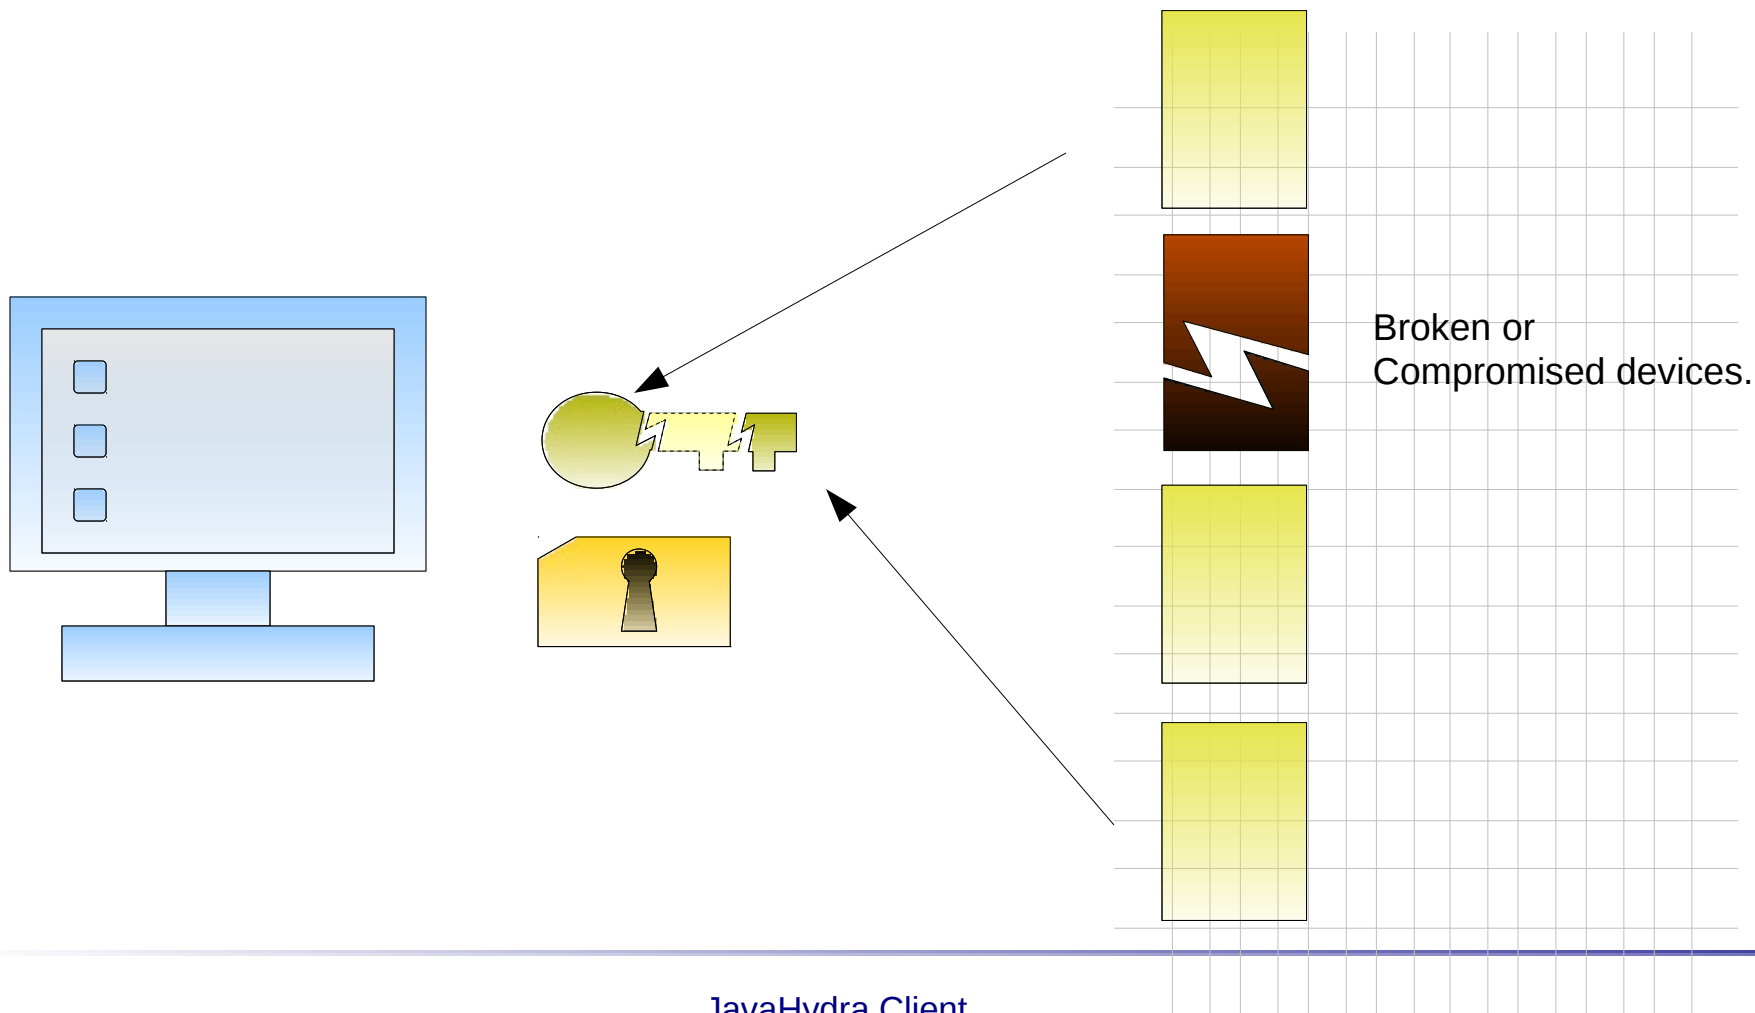

# Splitting the key

# Distributing the key to Hydra

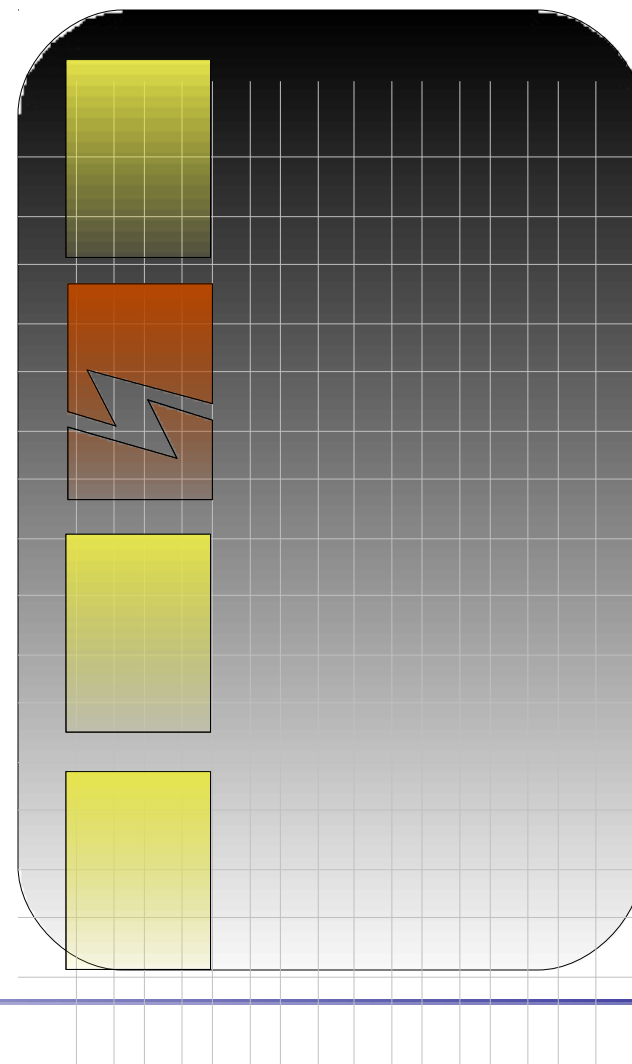

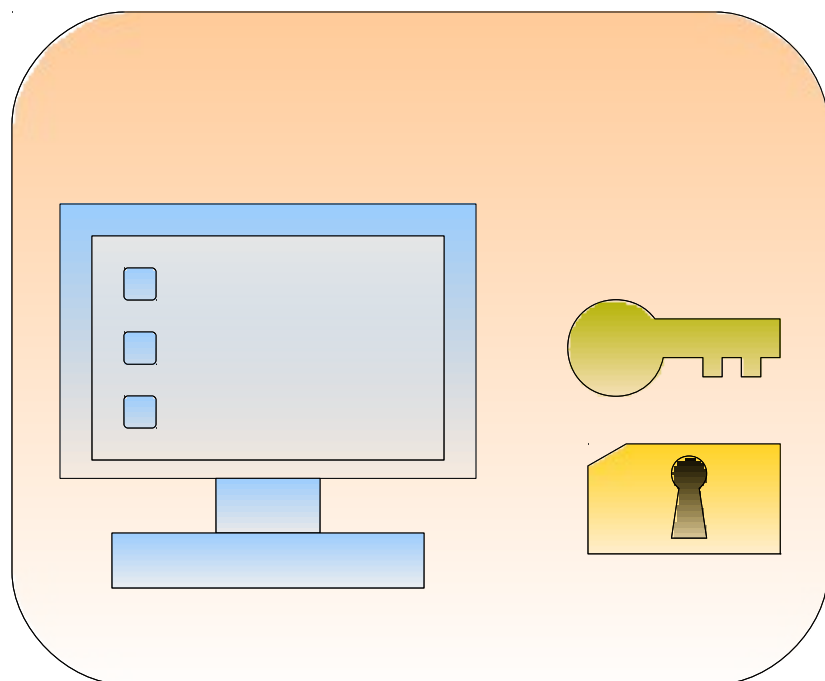

# Recovering the key

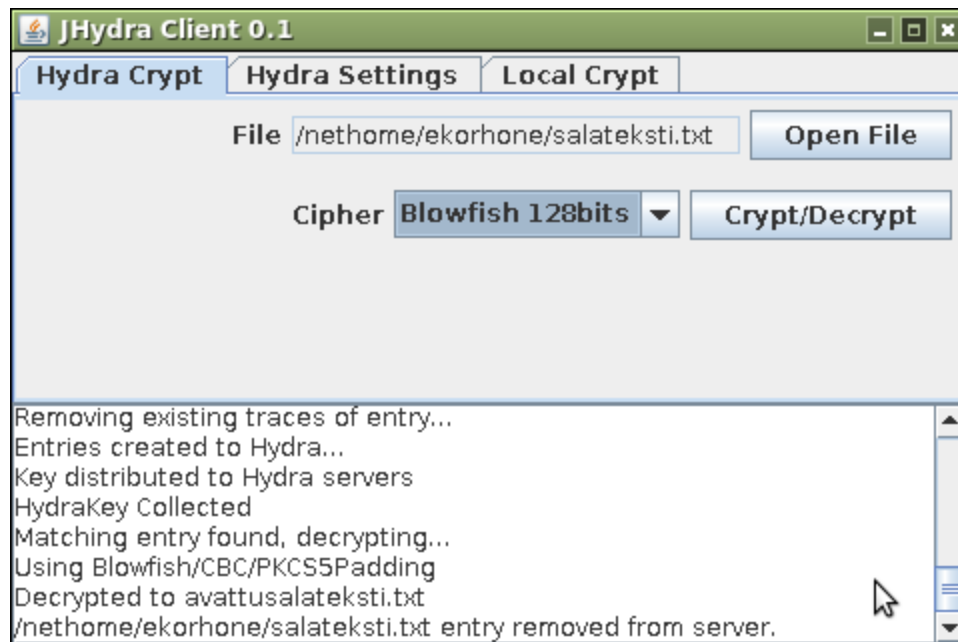

# The set-up

What I did

# Features

- Java Web Start -compatible interface
  - Requires only a compatible JRE
- Implemented in plain Java
  - Portable and extendable
    - Dalvik (Android), Hadoop, Spring...
