

# EGI Technical Forum

## Monday, 19 September 2011

### Data Management Workshop - Rhone 2 (75) (11:00 - 12:30)

time	[id] title	presenter
11:00	[282] EMI data services - the second year	FUHRMANN, Patrick
11:15	[283] EMI_datalib - consolidating ARC and gLite data libraries	KERR NILSEN, Jon
11:30	[284] dCache, the evolving storage technology	MILLER, Paul
11:45	[285] DPM/LFC: Standards, Status and Plans	ROCHA, Ricardo ROCHA, Ricardo
12:00	[286] SYNCAT - Storage Catalogue Consistency	FURANO, Fabrizio
12:15	[287] File Transfer Service (FTS3): redesign for file transfer optimization and reliability	SALICHOS, Michail SALICHOS, Michail

### Data Management Workshop - Rhone 2 (75) (14:00 - 15:30)

time	[id] title	presenter
14:00	[275] Data Management - a Grid enablers perspective	SANTCROOS, Mark
14:14	[276] LifeWatch NL	LAMMERTS, Evert
14:27	[277] Dutch bioinformatics data management	BOT, Jan
14:40	[278] Earth System Grid (ESG) and EGI interoperability	RACIAZEK, Jan
14:53	[279] Delivering a Collaborative Data Infrastructure - the EUDAT project	VAN DEN SANDEN, Mark
15:06	[280] Grid Data Access: Proxy caches and User views	KEIJSER, Jan Just
15:19	[281] Simplifying Large Scale Data Movement with Globus	Mr TUECKE, Steve

### Data Management Workshop - Rhone 2 (75) (16:00 - 17:30)

time	[id] title	presenter
16:00	[381] The Cluster of Research Infrastructures for Synergies in Physics (CRISP) project	FIELD, Laurence
16:13	[273] Questions, answers and discussion
