

EGI Technical Forum 2010

Tuesday, 14 September 2010

Instrumenting the Infrastructure - Verwey (14:00 - 15:30)

time	[id] title	presenter
14:00	[11] Using agents to support grid users	Mr DRENTH, Eduard Dr DELGADO OLABARRIAGA, Sylvia
14:20	[12] Operations in the biomed VO: monitoring and incident prevention	GLATARD, Tristan
14:40	[13] Monitoring of the infrastructure from the VO perspective	ANDREEVA, julia
15:05	[18] Integrating Cloud Monitoring and Accounting with Grid Operational Tools	Mr FLOROS, Evangelos

Instrumenting the Infrastructure - Verwey (16:00 - 17:30)

time	[id] title	presenter
16:00	[14] Scalable stochastic tracing of large-scale data management events	LASSNIG, Mario
16:20	[15] The EMI Infrastructure Services: An Overview	FIELD, Laurence
16:45	[16] Understanding Large Scale HPC Systems Through Scalable Monitoring and Analysis	GENTILE, Ann
17:10	[17] Results and issues for the Grid Observatory	GERMAIN-RENAUD, Cécile
