Deploying virtual elastic clusters on the EGI Cloud Compute

Tuesday, 19 October 2021 16:30 (15 minutes)

In this presentation, we will introduce you EC3, a tool able to deploy virtual elastic clusters (i.e. Kubernetes or SLURM clusters, among others) on top of the EGI Cloud Compute. You will know more details about the tool, its main capabilities, its interfaces (both CLI and Web portal) and how to start using it. Don't miss the session!
