EOSC-Pillar

Coordination and Harmonisation of National &Thematic Initiatives to support EOSC

Researchers' (re)use of data and services

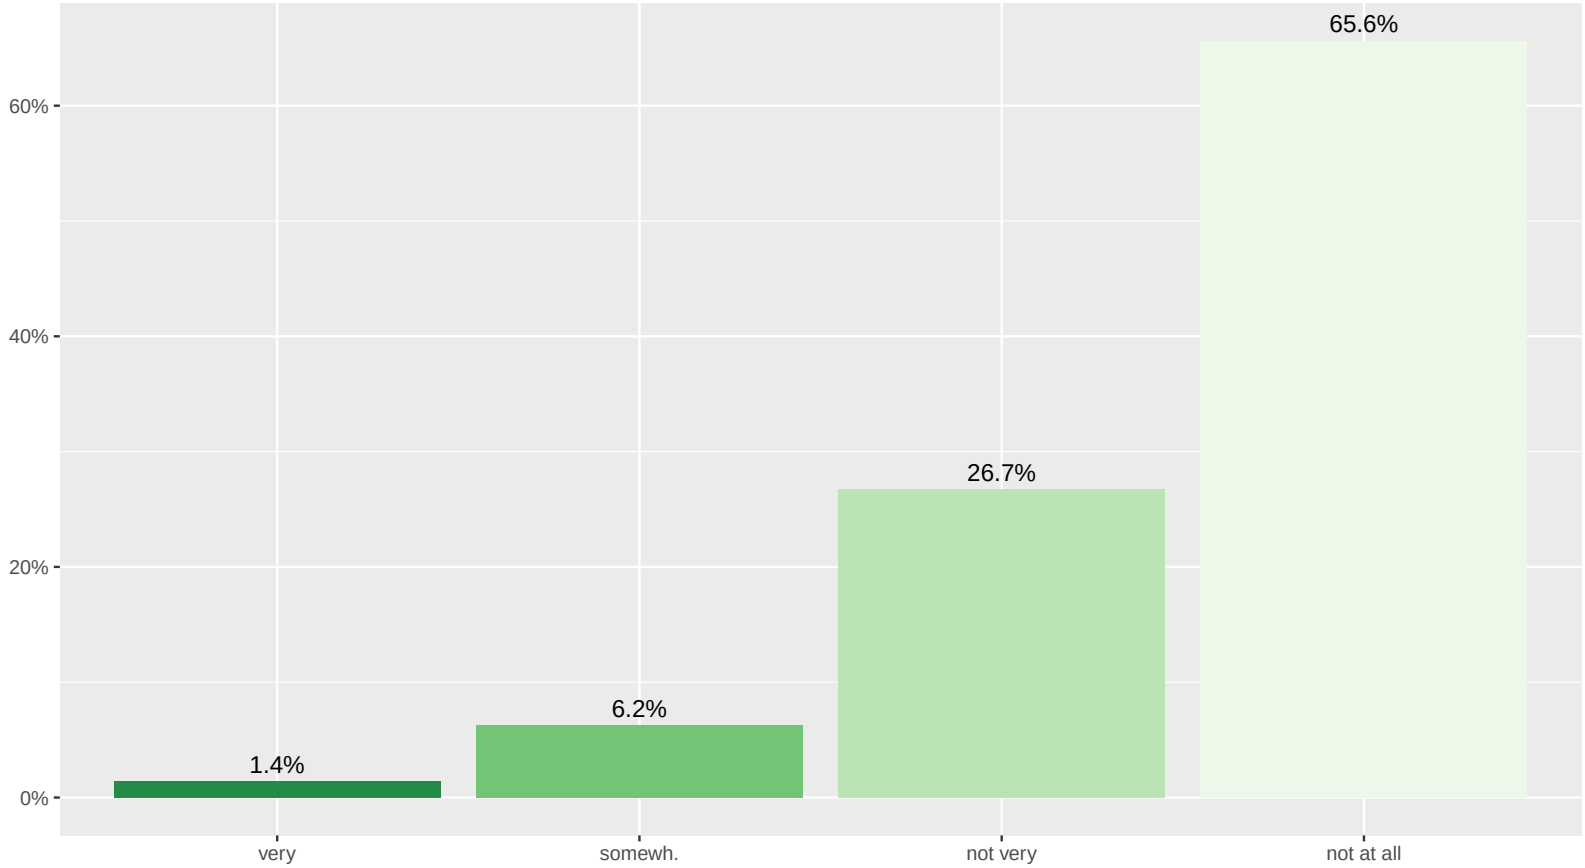
A survey by the University of Vienna

Focus on FAIR and EOSC

4 May 2022 - Strasbourg

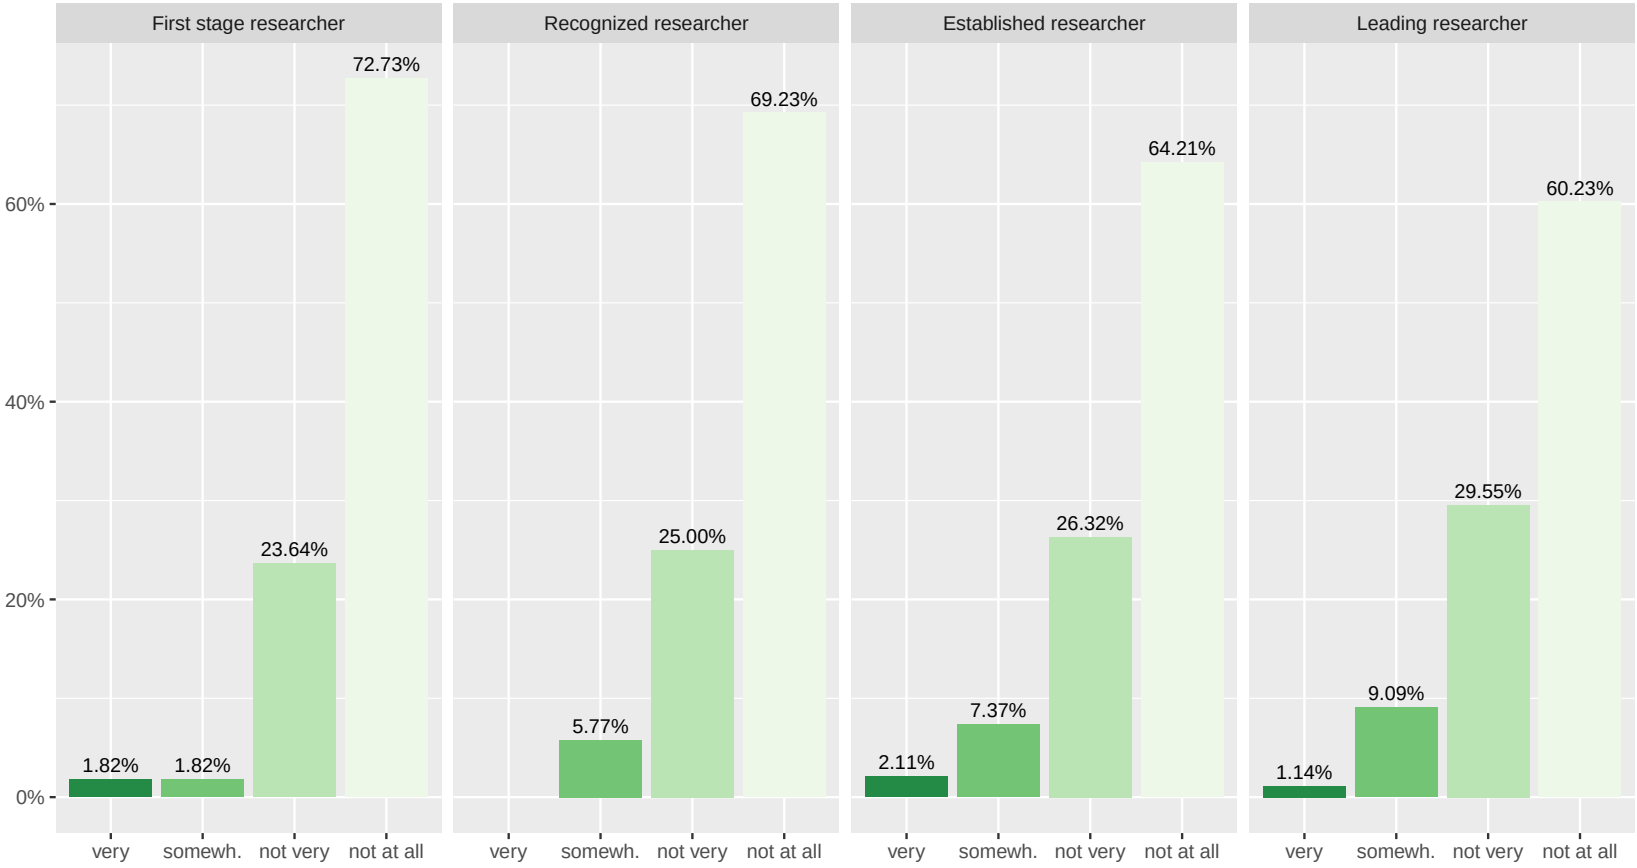
Familiarity with EOSC

"How familiar are you with EOSC?"



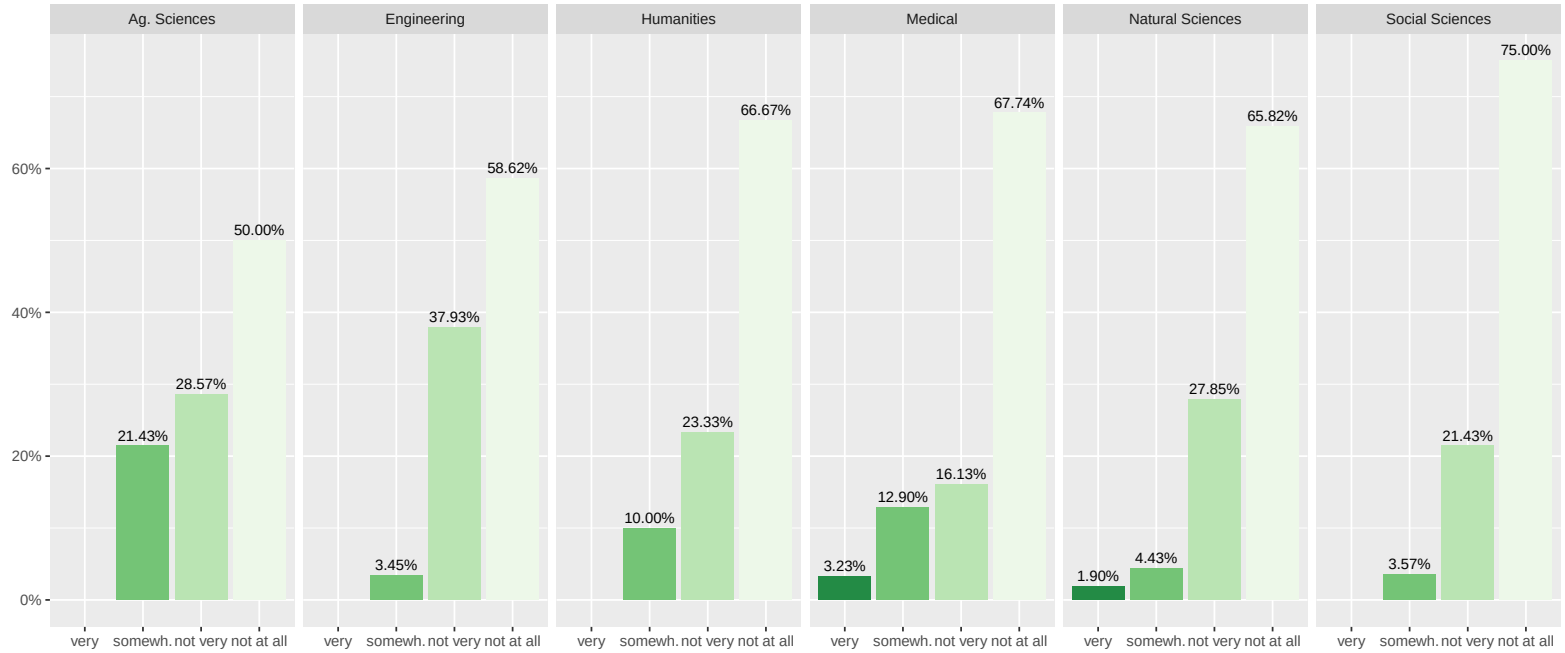
Familiarity with EOSC by career stage

"How familiar are you with EOSC?"



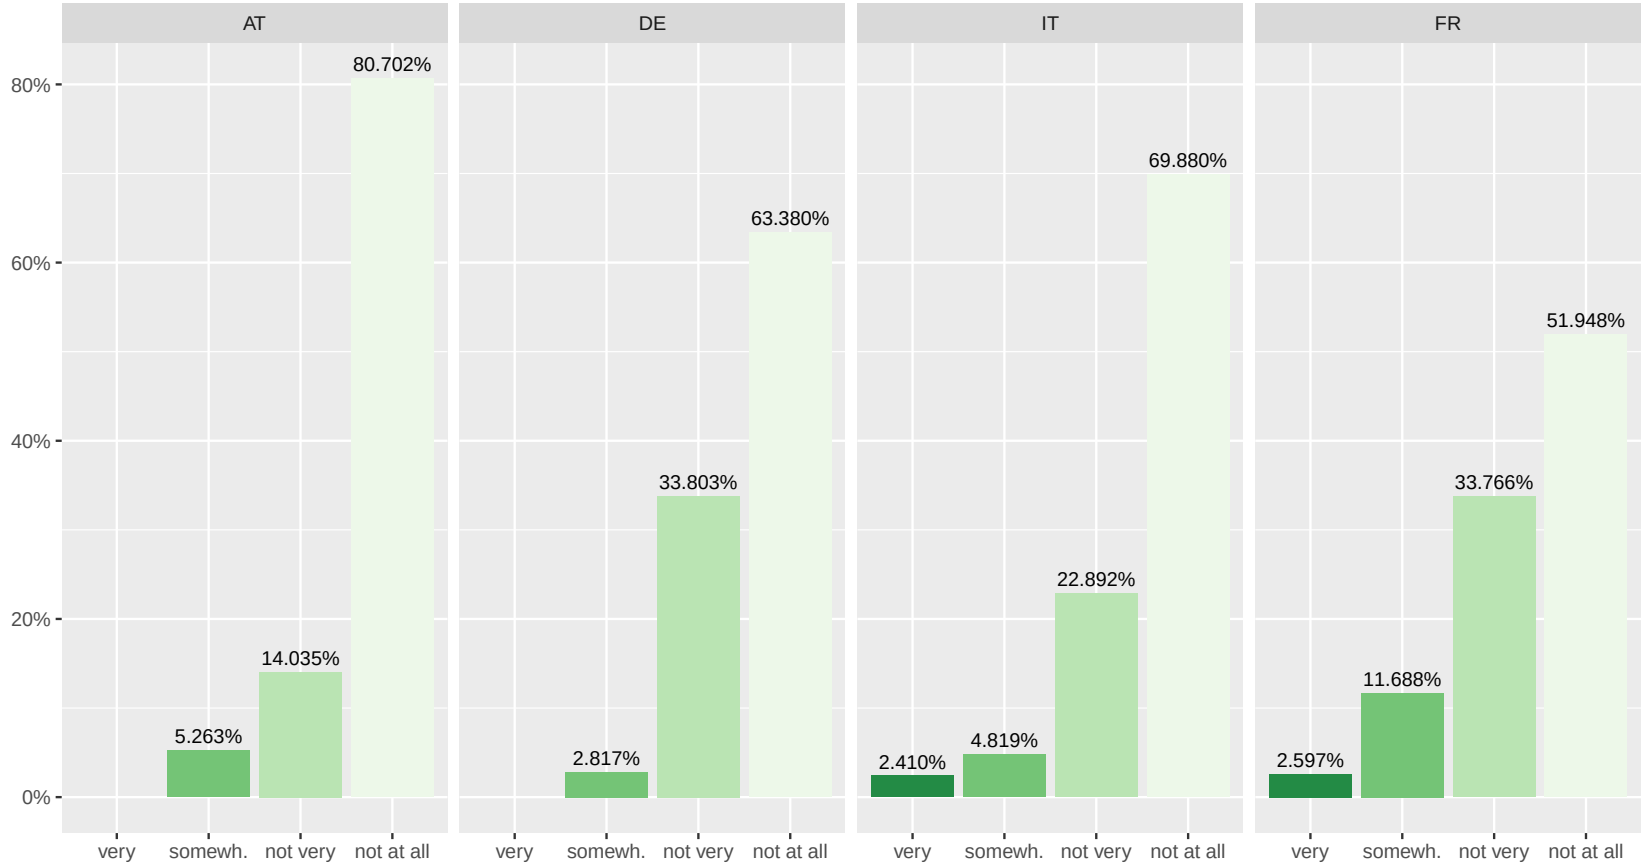
Familiarity with EOSC by discipline

"How familiar are you with EOSC?"



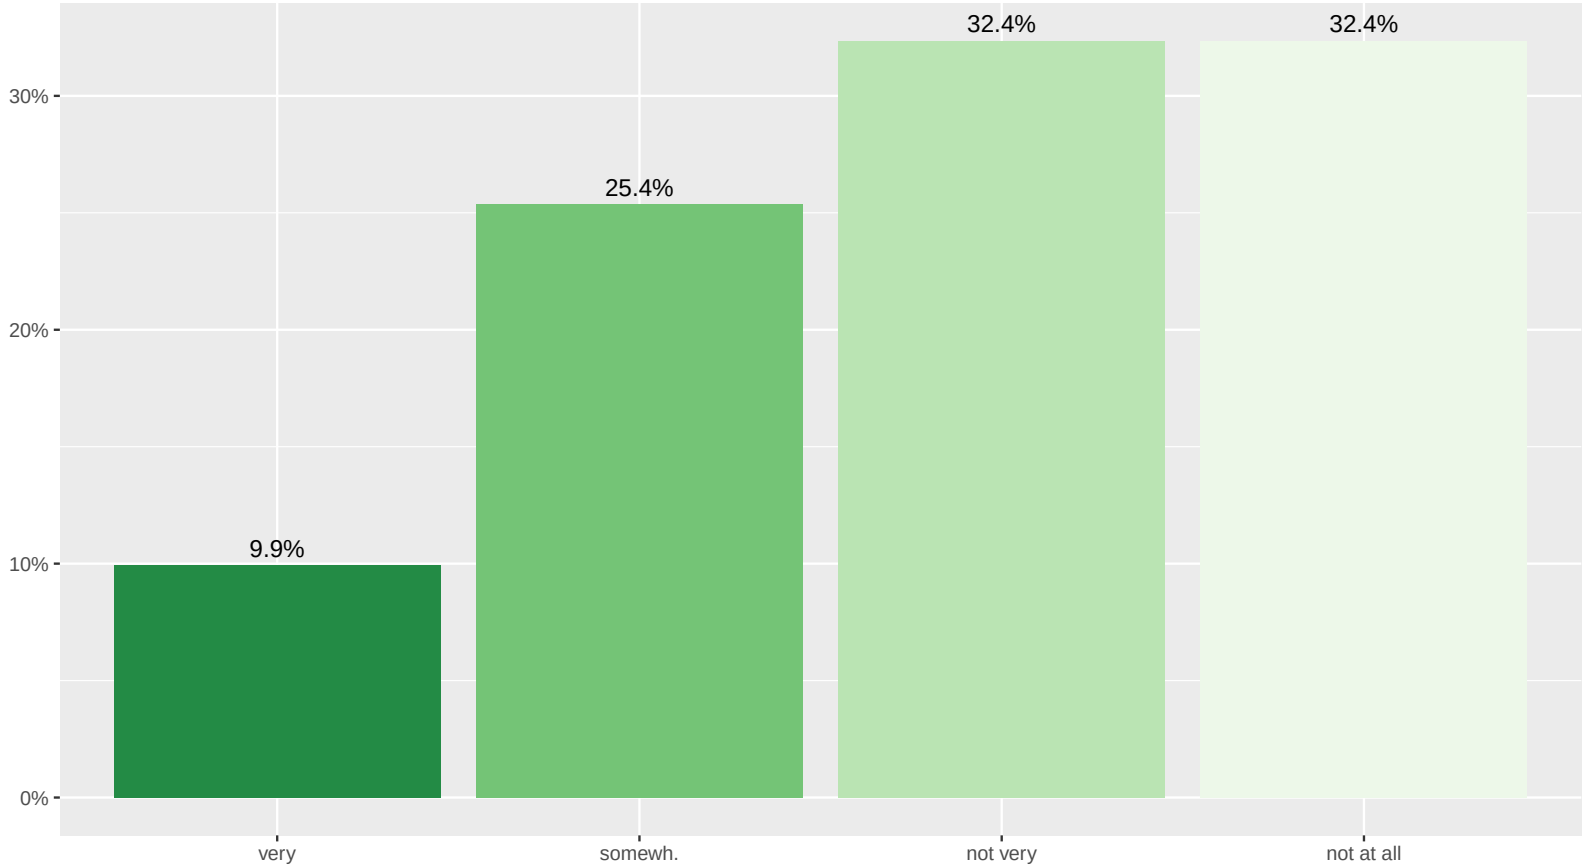
Overall familiarity with EOSC by country

"How familiar are you with EOSC?"



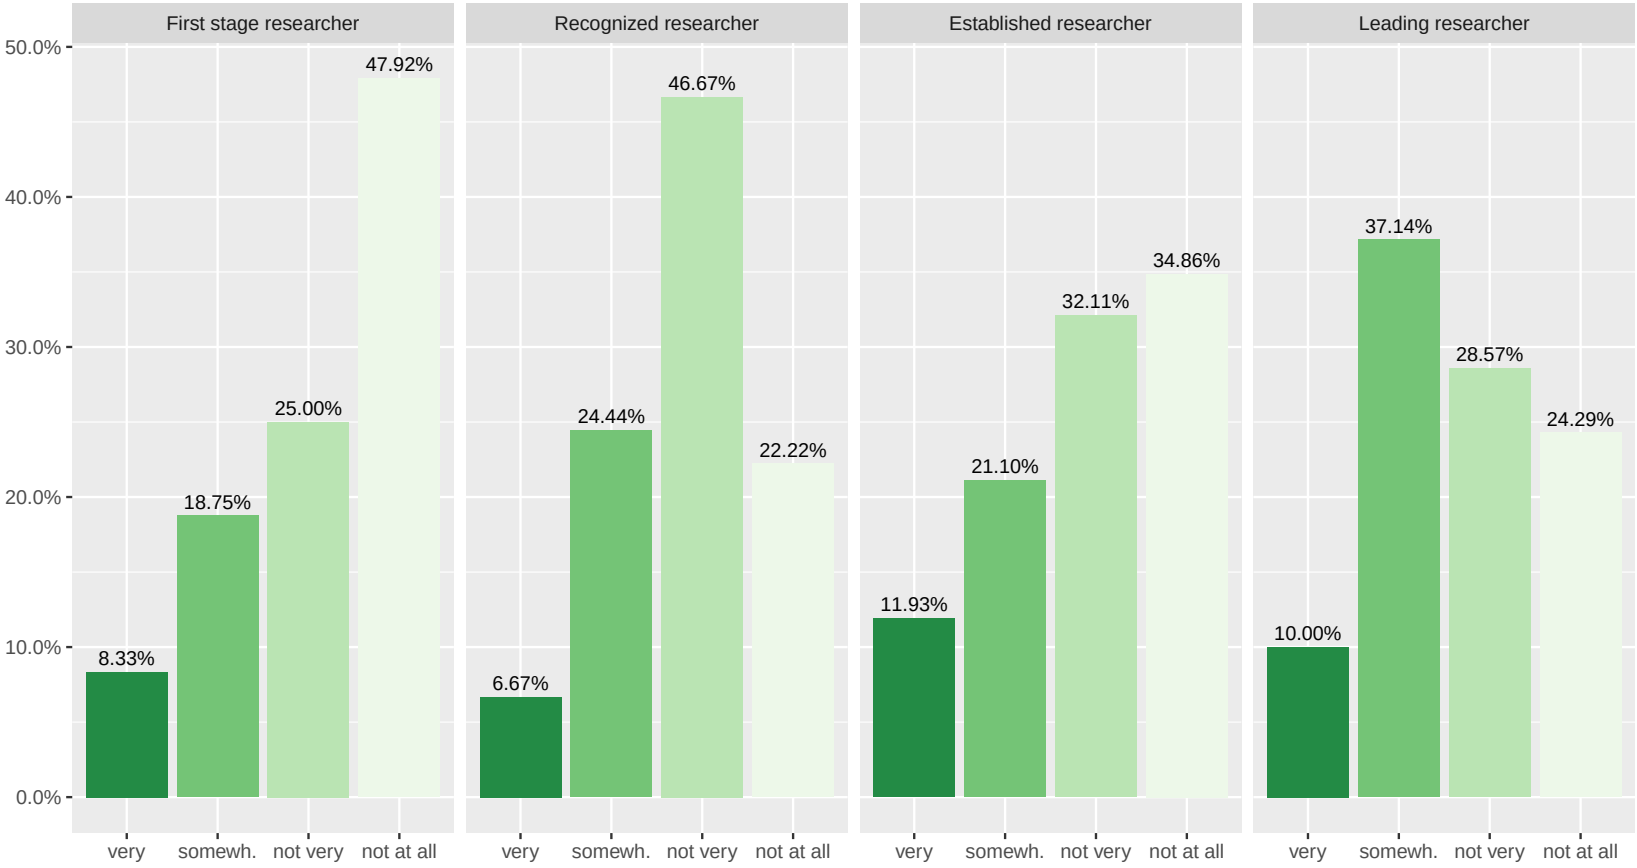
Familiarity with FAIR

"How familiar are you with FAIR principles regarding research data?"



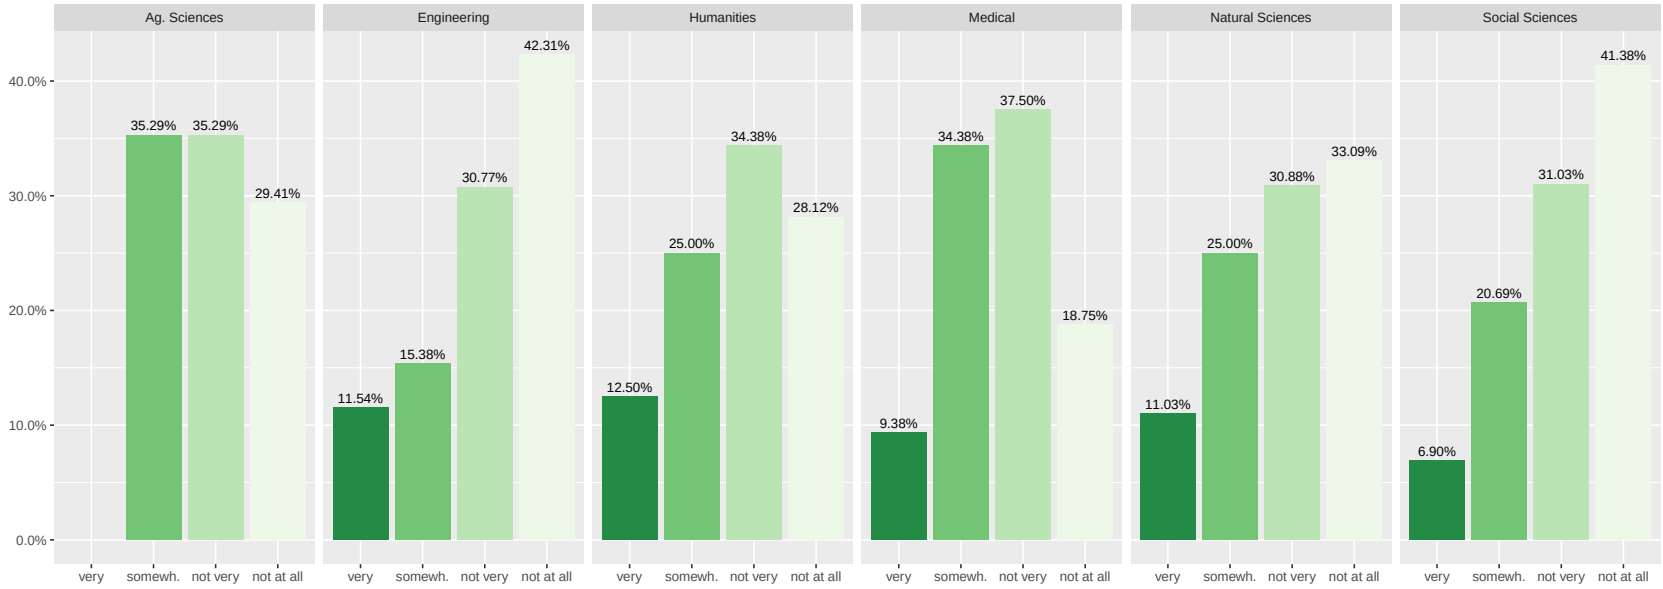
Familiarity with FAIR by career stage

"How familiar are you with FAIR principles regarding research data?"



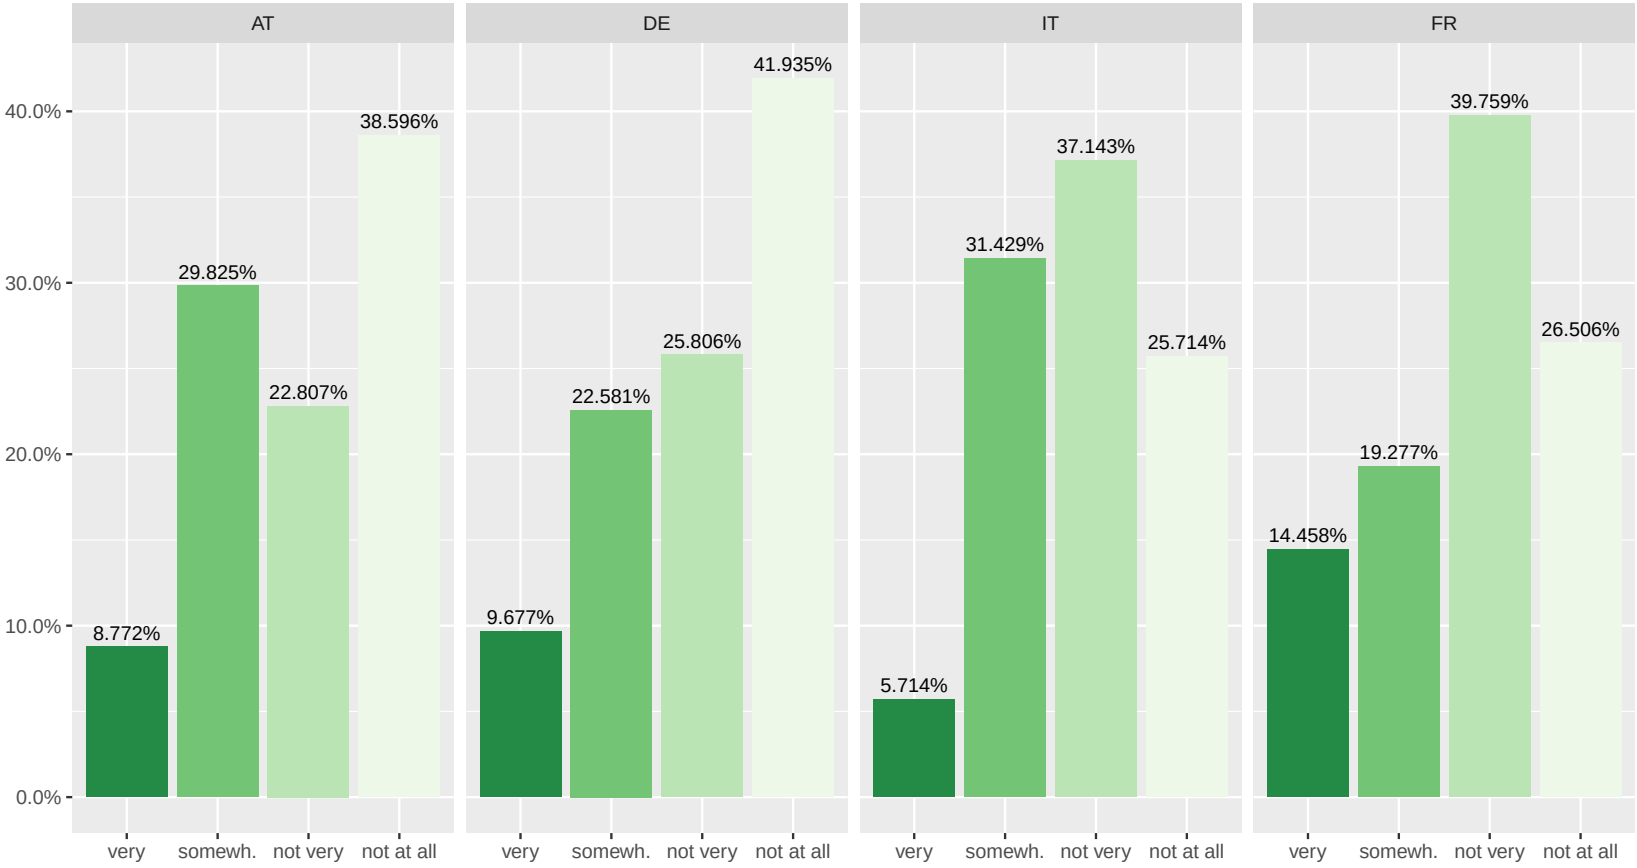
Familiarity with FAIR by discipline

"How familiar are you with FAIR principles regarding research data?"



Overall familiarity with FAIR by country

"How familiar are you with FAIR principles regarding research data?"



Key points: Familiarity with FAIR and EOSC

- EOSC is largely unknown to the academic community. Most familiar amongst established / leading researchers and agricultural and medical sciences.
- FAIR principles are more known than EOSC. Most familiar amongst established / leading researchers and agricultural, medical, and natural sciences

Recommendations FAIR and EOSC

- $\rightarrow$ **Focus on spreading awareness about EOSC**
- $\rightarrow$ **Building open science networks with researchers**
