e-Infra CZ: national plans for EGI and EOSC

Tuesday, 20 September 2022 12:20 (20 minutes)

Ludek Matyska will present how the e-INFRA CZ, the Czech national e-infrastructure, plans its future in the context of EOSC implementation in Czechia. We will show how the long involvement in the EGI federation helps define this role and the implications the EOSC implementation could have for e-INFRA CZ and its continued existence within the EGI ecosystem.

Presenter: MATYSKA, Ludek (CESNET)

Session Classification: Opening Plenary
