

EGI Conference 2022

Tuesday, September 20, 2022

Posters (presenters at poster) - 1st floor (7:00 PM - 8:00 PM)

time	[id] title	presenter
7:00 PM	[89] The Jonas VRE: a science gateway for noise map visualization and data processing in the North-East Atlantic region	DÍAZ, José Antonio
7:00 PM	[14] Cloud development at INCDTIM	Dr FELIX, Farcas
7:00 PM	[17] DBRepo: A Database Repository to Support Research Activities	WEISE, Martin
7:00 PM	[18] EGI-ACE webODV - Online extraction, analysis and visualization of SeaDataNet and Argo data	MIERUCH-SCHNUELLE, Sebastian
7:00 PM	[22] Exploring reference data through existing computing services for the bioinformatics community : an EOSC-Pillar use-case	MATHIEU, Gilles
7:00 PM	[74] Network technologies in the I.Bi.S.Co. Napoli HPC hybrid cluster	PARDI, Silvio
7:00 PM	[56] Processing large datasets using EGI-ACE EOSC resources for the climate community	PAGE, Christian
7:00 PM	[20] Deploying container-based applications on EGI with VIP	PATIL, Sandesh
7:00 PM	[73] Access EGI resources through the ESCAPE developed ESFRI Science Analysis Platform	BERTOCCO, sara
7:00 PM	[36] Blue-Cloud: Your Open Science platform for collaborative marine research	SCHAAP, Dick
7:00 PM	[81] Poster: The Training Portal for Photon and Neutron Data Services	KNODEL, Oliver GUTIERREZ DAVID, Marta
7:00 PM	[63] Augmenting the EGI Monitoring based on the ARGO Monitoring framework with functionalities such as Service Trends and Status pages.	IMAMAGIC, Emir KAGKELIDIS, Konstantinos ZAMANI, Themis
7:00 PM	[77] An Open Ecosystem for European Computing Continuum	RIMASSA, Giovanni
7:00 PM	[78] Perun Comprehensive AAI solution	BUCIK, Dominik Frantisek LICEHAMMER, Slavek
7:00 PM	[71] The AI4PublicPolicy Virtualized Policy Management Environment (VPME) with fully-fledged policy development/management functionalities based on AI technologies	AMICONE, Alessandro
7:00 PM	[58] Metrics Framework: Measuring the Success of a Recommendation System	ZAMANI, Themis
7:00 PM	[45] European computing infrastructures for digital twins: the EGI project 'interTwin'	FRANCK, Gwen
7:00 PM	[42] iImagine: Imaging data and services for aquatic science	SIPOS, Gergely
7:00 PM	[65] jUMP-Modeling-Portal: a new service for simulating sound propagation in the ocean	Dr OLIVEIRA, Anabela
7:00 PM	[39] Analysis of Pierre Auger Observatory open data using EGI Jupyter notebooks	CHUDOBA, Jiri Mrs MARŠÁLKOVÁ, Jana Mr NEUBAUER, Filip ZAJAC, Václav

7:00 PM	[11] ReproVIP: Enhancing Reproducibility of Scientific Results in Medical Imaging	VILA, Gael
7:00 PM	[27] Managed Kubernetes — Next Gen Academic Infrastructure?	Mrs SPIŠAKOVÁ, Viktória Mr ROSINEC, Adrian
