Training on Using the EOSC Portal for business and Workshop on User Experience

Monday, 19 June 2023 14:00 (3 hours)

Trainer: Adam Sipowicz (Abroco)

This workshop on user experience of the private sector as users of the European Open Science Cloud (EOSC) aims to bring together stakeholders from academia, industry, and the public sector to discuss and exchange ideas on how to improve the user experience of private sector users on the EOSC platform.

Through interactive sessions, participants will share their experiences and challenges in using the EOSC platform, as well as explore best practices and strategies for enhancing user experience. The workshop will also provide insights into the unique needs and requirements of private sector users, and how they can be better integrated into the EOSC ecosystem.

This bootcamp is a local event of Data Week 2023.

Session Classification: EOSC DIH Bootcamp
