

Introduction to 'community needs' discussion

Tuesday, 24 January 2012 13:30 (15 minutes)

During this session the participants will form into breakout groups to discuss community needs under various topics. The following list is indicative and other topics may be added. Themes may be sub-divided depending on the number and configuration of the break out groups:

- data storage
- compute resources and capabilities
- user interfaces, portals, APIs and work-flow engines
- outreach, user recruitment, support and training
- accounting, monitoring, metering and reporting

Presenter: BREWER, Stephen (EGI.EU)

Session Classification: Breakouts - User Community Service Needs
